Should a bomb threat be received, proceed as follows:

Attempt to obtain information from the caller (time set to detonate, location of the bomb, what it looks like, what kind of bomb it is; keep the caller on the line as long as possible; observe the age and sex of the caller, speech patterns, accent, and background noise).

1. Activate fire alarm to evacuate the building. Follow the building evacuation plan. Walk quickly but calmly to exits.
2. Make a prompt visual search to report unusual or foreign items.
DO NOT TOUCH OR MOVE SUSPICIOUS OBJECTS.
3. Assist the physically challenged - Elevators may be used.
4. Get at least 500 feet away from the building.
5. The President will make the decision for students and other personnel to re-enter the building.

Do not treat bomb threats as a joke!
